Section 11.006 Above and Beyond Performance Incentives.

Book 1 Page 75

The Governor's Fiscal Year 2022 budget includes appropriation authority for Above and Beyond performance incentives beginning January 1, 2022. The program is designed to incentivize these individuals to continue this high level of performance and others to raise their game. With the goal of retaining those identified as top performers and the anticipation that these top performers will continue to deliver exceptional results, the request for funding will provide top performers with a temporary salary increase for the services to be performed over the next year. The amount for each department is based on performance incentives of 5% for the top 10% of employees with incentives capped at \$2,500 per employee.

The mission of Missouri Medicaid Audit and Compliance (MMAC) is to enhance the integrity of the state Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the program and recovering improperly expended funds while promoting high quality patient care. This unit works to reduce costs, increase efficiency of provider monitoring, and assist providers with compliance. Executive initiatives include a disclosure protocol for providers to report and refund payments identified by providers as having been received in error or have been improperly billed to MO HealthNet.

This section provides funding for the systems mechanization to include Title XIX (Medicaid) program control and administrative costs; service to recipients, providers and inquiries; operations of claims control and computer capabilities; and management reporting for planning and control. The web-based enrollment application would allow for the changes required in the Health Care industry and allow the State to be in compliance and proactive with forth coming requirements of electronic health records, mandatory exclusions database, and ownership and disclosure of information of Medicaid providers.

Section 11.035 Office of Director – Recovery Audit Contract (RAC)

Book 1, Page 138

The federal government requires states to contract with a Recovery Audit Contractor to identify and recoup Medicaid provider overpayments. The Recovery Audit Contractors will function similarly to the way they do in the Medicare program. State Medicaid programs may contract with one or more RACs to identify underpayments and overpayments (and recoup overpayments). Payments to Medicaid RACs are contingency-based and linked to the payment inaccuracies the contractors are able to identify. The contractor will review MO HealthNet system data and provider records in order to identify improper Medicaid payments, will perform recovery/repayment activities in regard to the improper payments identified, and will perform services to prevent future improper payments. Monies collected will be deposited into the Recovery Audit and Compliance Fund (0974). The contractor will be paid a contingency percentage payment for overpayment recoveries. Any amount due the contractor will be limited to recoveries resulting from projects approved and authorized by MO HealthNet and paid from the Recovery Audit & Compliance Fund.

The Fostering Connections to Success and Increasing Adoptions Act of 2008 (Public Law 110-351) revised circumstances in which states would be allowed to access Federal Title IV-E on behalf of children adopted. Included in this change was an allowance whereby the child's age at the time of adoption was the primary criteria for accessing federal funds. The federal requirement will eventually include all children, as the age criteria is being reduced each year. States are required to reinvest these funds and DSS needs appropriation authority to facilitate this change.

The Adoption and Safe Families Act of 1997 (Public Law 105-89) established the Adoption Incentive program. This program provides incentive payments to Title IV-E agencies to increase their number of foster child adoptions, with additional incentives for the adoption of children with special needs. Additional federal authority is requested to assist with foster and adoptive recruitment, working with providers to help find prospective adoptive families, and payment for contract attorneys to provide termination of parental rights (TPR) and adoption legal work.
